

“BREAKING NEWS”

No More Pain and Strain from Sandbags and Tarps

Discover the secret most refineries already know

TERPCO SENTRY Sewer Covers are leading the industry in isolating drains for HOT WORK... Reduce labor costs with a safer, light weight product being used today in refineries world wide.

NOW YOU SEE IT

NOW YOU DON'T

IT'S THAT SIMPLE!

Forget about the labor, time, money and the mess associated with sandbags and tarps. With **TERPCO SENTRY** sewer covers you can isolate a drain for hot work in less time than it takes you to fill one sand bag. Create a vapor tight seal that has been tested and proven, in the field, to pass sniff and PSI tests...

We did all the work so you don't have too...

Times are changing, are you?
